

THE TEXAS CONNECTION TO A BRIGHT ENERGY FUTURE

WWW.POWERACROSSTEXAS.ORG

JOIN TODAY!

Our members are driving the discussion about clean, affordable and reliable power supplies in Texas.

OVERVIEW

As a non-partisan learning center, Power Across Texas draws from academic, political and private sector resources to provide balanced and reliable information, new analysis, and interactive tools that bring clarity and understanding to critical and complex energy issues in Texas.

Power Across Texas aggressively communicates the real stories on clean, robust and reliable energy supplies in Texas and highlights the innovative, good works of the Texas energy industry.

CORE VALUES

- ★ *Convene and connect stakeholders, decision-makers and media*
- ★ *Focus on the future*
- ★ *Inform the widest possible audience on energy issues in Texas*
